

INSTRUCTIONS FOR USING YOUR WAX SEAL

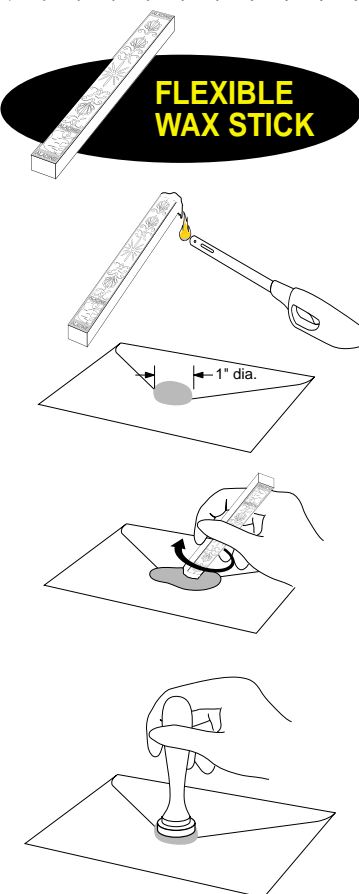

Your wax stick will give you approximately 8 - 10 average size impressions.

****Important! Please apply a little coating of vegetable oil on the wax seal die to make the seal easy to release from the wax.***

1. Prepare a candle with holder or automatic grill lighter.
2. Just light your wax stick.
3. Drop enough wax on your envelope or paper.
4. When there is enough wax (approx. 1" diameter), blow out your flame.
5. Now press your seal gently into the wax, and hold for 2 - 3 seconds, then remove the seal carefully.

Note: If you are making more than one impression, make sure to cool off the wax seal die before making an impression to prevent your wax seal from sticking.

Your "Flexible Wax Stick" is wickless and smokeless and will leave a lasting impression on your letters. One stick will give you approximately 8 - 10 average size impressions.

****Important! Please apply a little coating of vegetable oil on the wax seal die to make the seal easy to release from the wax.***

1. Prepare a automatic grill lighter.
2. Hold the flame on your wax stick until enough wax dropped on your envelope or paper (approx. 1" diameter).
3. Stir the wax lightly with the wax stick for few seconds and wait for 30 to 40 seconds. (Make sure the wax is not too soft)
4. Now press your seal gently into the wax, and hold for 3 - 5 seconds, then remove the seal carefully.

Note: If you are making more than one impression, make sure to cool off the wax seal die before making an impression to prevent your wax seal from sticking.
